24th GÖKOVA GEOMETRY-TOPOLOGY CONFERENCE
May 29 – June 2, 2017

Participants of the 24th Gökova Geometry-Topology Conference

PREFACE

This volume contains many interesting talks on symplectic topology, contact splittings, holomorphic curves and 3-manifold topology. We thank Tobias Ekholm for his inspiring mini-course on Lagrangian topology. We also thank all the participants making this conference a stimulating event. We thank NSF (National Science Foundation), TMD (Turkish Mathematical Society), and ERC (European Research Council) for funding this conference (special thanks to Alexandru Oancea for helping to secure ERC support). Thanks are also due International Press for printing and distributing these proceedings. As always, we are grateful to Hotel Yücelen for supporting and hosting this conference on the scenic shores of the Gökova Bay. Finally we thank Selahi Durusoy and Üstün Yıldırım for formatting these proceedings.
