Current Developments in Mathematics, 2020

Editorial board and conference organizers:

Mark Kisin
Horng-Tzer Yau
Shing-Tung Yau

Harvard University
Cambridge, Mass., U.S.A.

David Jerison
Paul Seidel
Richard Stanley

Massachusetts Institute of Technology
Cambridge, Mass., U.S.A.

The Current Developments in Mathematics 2020 conference was sponsored by the National Science Foundation, Harvard University, and the Massachusetts Institute of Technology.

ISBN: 978-1-57146-421-7

Printed in the United States of America.

Contents

A geometric perspective on the scaling limits of critical Ising and φ^4_d models
Michael Aizenman 1

Classification of symmetry protected topological phases in quantum spin chains
Yoshiko Ogata 41

The black hole stability problem
Andras Vasy 105

On the Painlevé conjecture
Jinxin Xue 157
